

# ShadowCounsel LLC

## Healthcare Imaging Services

*"Win the paper chase... by ending it."*

ShadowCounsel takes pride in offering the finest in x-ray duplication. We strive to *duplicate*, not just copy, the x-rays we are asked to replicate. We go to extra lengths to ensure that the highest quality result is produced. ShadowCounsel pre-screens and reviews every film upon duplication, and the finished product is warranted with a money back guarantee.

Below is a comprehensive listing of the healthcare services ShadowCounsel provides. In addition to medical and dental practitioners, higher-educators and attorneys also find the offerings outlined herein to be of benefit to their respective missions.

- X-ray; C-T Scans; MRI and other medical/dental film duplication.
- Digitization of medical/dental films and medical 35mm slides with .tif, .jpg, or DICOM image format output burned to CD/DVD.
- Printing of CD/DVD with DICOM patient medical images to medical film.
- Video (VHS) and audio tape (standard and micro-cassette) copying.
- VHS, VHS-C, 8mm, Hi8, Digital 8, or miniDV transfer to VHS or CD/DVD.
- CD and DVD copying.
- Prints made from medical film and enlarged up to 17" x 22" on photo quality ink jet paper (mounting and lamination available).
- Scanning or printing of photos, negatives and/or slides.
- Trial boards for litigators.
- View box rental by the day/week.

ShadowCounsel also offers:

- Free Pick Up and Delivery (Bay Area). We also feature free pick-up and delivery via LTL carrier anywhere in the continental U.S. and Canada. With respect to faster shipping options such as UPS or FedEx air, our policy is to split client mailing costs.
- Quick turnaround.
- Friendly, personal attention.

Thanks for considering ShadowCounsel for your healthcare related digital imaging needs.
